New York Stoc: Market.

Wall St., New York, Aug. 31.—STOCKS—Vigorous advances were made by the leading stocks in the early trading today. Under the influence of spirited bidding. Reading, Union Pacific, Southern Pacific, G. Missouri Pacific, Canadian Pacific, St. Paul and American Tobacco prefured advanced a point or more and the other leading issues almost without exception gained substantial fractions. International Harvester advanced 2.

Purchases were not followed up and the market fell into a rut, with a sagging movement which wiped out a good part of the initial advance. The market was affected by another outbreak of liquidation in Lehigh Valley which sent it from 1834 down to 1854. Traders seemed disposed to restrict ventures pending further developments in the general condition affecting the market.

Buying by the short interest kept prices sustained but there was very little business transactions averaging only a trille more than 50,000 shares an hour. Lehigh Valley made un nearly all of its early deciline and the list otherwise showed a good sprinkling of advances.
